Address 14 Diana Street Saxonsea Atlantis 7349

Hereby I declare that my mom's birthday was on Monday 25th. all children was in the yard around 8H30pm before 9pm. Two guys was shooting in the street one of the guys they were shooting at ran into our yard and the shooter put his hand through the gate and fired shots into the yard shooting our dog Branson, I dont know the boy's name but I will regognise him should I see him again.
I called the police where by marion Abrahams tell Mr Witboai should I want to use the bullet that is in the dog as evidence I must cut the dog open and bring the bullet in to the police station to be used as evidence
The boy that was shooting brown and had a cover over his nose and mouth.
The shells that we got in the yard and opposite the house was handed to the Detective on the 26th September 2023 on their visit to the house at that point the SPCA also come to fetch Branson body..
