IF YOU ARE UNABLE TO OBTAIN A PHOTOSTAT COPY OF THE LICENCE (Schedule 2) AND CERTIFICATE (Schedule 3) NOTE THE FOLLOWING:

LICENCE

- o Licence No: _____
- o To whom is the licence granted:
 - o a) Person: _____
 - o b) Permanent address: _____

 - o c) Company: _____
- o Date of issue of certificate _____
- o Date of issue _____ Date of expiry: _____
- o The name and district of the Magistrate issuing the licence and certificate.

- o Amount paid for licence. This is to determine if the application is a new one or a renewal.

CERTIFICATE

- o To whom is the certificate granted:
 - o a) Person: _____
 - o b) Permanent address (if different from licence) _____

- o Licence number _____
- o Nature of training/exhibition _____

- o Apparatus used in training/exhibition _____

- o Approximate duration of each performance _____

Amended October 2011

Copy of licence attached.

- o Approximate duration of each training _____
- o Number of times per day/week performance _____
- o Number of times per day/week training _____
- o Date issued _____
- o Magistrate _____

Animals used for training/exhibition as per Certificate

Species	Number	Exhibition	Training
Lions	4		✓
Tigers	3		✓
Camel	2		✓
Snakes	3	✓	
Horses	8		✓
Dogs	3		✓

NOTES

- In terms of the Performing Animals Protection Act No. 24 of 1935 (PAPA) all circuses are required to obtain a licence as prescribed in Regulation 1672.
- Check that the performance licence relates to the requirements of all sections within section 3 of PAPA of No. 24 of 1935.
- Should a circus not be in possession of a performance licence (Schedule 2) and performance certificate (Schedule 3) all performances are to be cancelled until these permits are issued.

In terms of section 3 of the Regulation 1672 the licensee must produce to the authorized inspector his / her licence and certificate if requested to do so.

Camels	2		hay	free	yes, steel barriers 8x6	11
Horses	8		hay	free	yes, steel barriers 8x6 metres	

ANIMAL ACCOMMODATION

NOTES FOR CHECK LIST

- o Check on all living conditions: - size and conditions of cages, bedding used, type of feed and watering facilities used and adequate sheltering facilities. Check cleanliness of cages, stalls etc. Report excessive flies, bad smell etc. Check that adequate precautions have been taken to protect the animals against the elements such as wind chill, rain, heat or cold.
- o Water to be freely available. Often watering is reliant on handlers, with animals showing thirst when offered food. Only when an animal refuses to drink water has it had sufficient.

Note: Such refusal to drink can also be a symptom of illness. Water may be withheld up to an hour prior to a performance. However water should be freely available at all other times.

- o Shelter
Animals such as horses, camels and elephants in circuses do not have the same freedom of movement as free-ranging animals with access to natural shade or shelter. Therefore, effective artificial shelter must be provided, as these animals may be more susceptible to the possible effects of a chilling or cold wind, rain or heat stress from the sun. Where natural shelterbelts and trees do not provide protection from adverse weather suitable artificial shelter must be provided.
- o Position of animal trailers / accommodation:

How far from the following: Music (Speakers, microphones) 100 meters

Roads: from the road

Noise (generators, coolers, etc) No noise, received power from Sbu.

Fumes: No fumes

Are members of the public allowed to walk around freely amongst trailers:

No, barricade fencing around the circus

Are safety barriers in place: Yes, security guard also present.

TRANSPORTATION

ARRIVAL

- o Check general condition of animals on arrival. Any transport injuries?
Did not observe.
- o Observe offloading procedures and length of time before animals are offloaded and / or fed and watered.
Did not observe

- o Check that water is made available to the animals immediately after arrival.

Water was observed.

- o Rest period before performance. 30 min.

- o Length of travel between venues _____

DEPARTURE

- o Check all transport vehicles prior to the circus departing to next venue. Pay particular attention to the flooring.

- o Observe loading of animals into transport vehicles. Report goading of animals.

- o Check that animals are not left in cages on the transport vehicles for long periods without shelter from the elements.

- o Check that animals have been watered prior to journey. (Depending on the length of the journey).

OBSERVING PERFORMING ANIMALS

- o Check to see how the animals enter the arena (are they goaded with whips or do they enter willingly?).

willingly - the animals that I
saw entered willingly.

- *Example:* Inexperienced animals entering the arena are sometimes initially blinded by the intense spotlights as well as startled by the music over the loudspeakers.

- o Check where animals are held just prior to the performance and the length of the time they are kept there after their performance.

All the animals are taken back to
their separate ~~pen~~ holding pens or to
the trailer.

- o Check to see if animals are enticed with food or are goaded to ensure that they perform.

Yes some of the animals
is enticed with food to perform.

- o Check to see if any drugs are administered to the animals.

No animals was given any drugs

- o Nature of tricks and behaviours each animal is asked to perform during their routine.

NOTE: Always have two SPCA officials observe a performance: - one official observing the animals backstage and the second, observing the animals being taken back to the pens. Check that the equipment and apparatus used on or for animals are humane and in good state of repair.

NETWORKING INSPECTIONS

TOUR ROUTE

	Venue	Arrives	Departs
Last stop			
Next stop			

NOTE: Contact the next SPCA in good time with all relevant information and a copy of this report.

- o Name of person contacted at next SPCA

_____ Date: _____

- o Make a particular note as to any changes to the registered list of animals i.e. change of type or numbers of animals recorded by previous SPCA.

- o **Were any warnings given to circus? If so please attach to report.**

no

- o Full details concerning any unhealthy or injured animals must be recorded in this report and given to the next SPCA.
