7.8	Is calving induced and if so by whom?			yes workers
7.9	How often are cows checked after being induced?			Every hour
7.10	How often are hooves checked?			2 weeks
7.11	Is dehorning/disbudding performed and if so by whom?	yes		
7.12	Describe method of dehorning/disbudding?			Coass
7.13	Is analgesia or anesthesia administered during routine procedures?	yes		

Name: Dr Janne Van der Merwe
Practice: Tygerberg animal hospital Darling
Address: 17 Main Road Darling
Telephone no / Cell: _____
Emergency A/H no: 0224922545

General comments:

Re-check on the farm not much has
changed. There are $\pm$ 800 cows. The cows are
in a fair condition, water and shelter available
for all the cows. Calves are kept in
separate camps, that is under a roof. The
areas where cows and calves are kept is clean.

Warning issued? _____
