Dear Mr Truter

WARNING W4430 IN TERMS OF THE ANIMALS PROTECTION ACT NO. 71 OF 1962

In respect of the inspection at your abattoir today, herewith please find the concerns that were discussed with Mr Carl-Joe Maarman and Mr Jano Louw.

- 1) The flooring on the second deck of the truck with Registration Number CK30987 must be repaired immediately. No transport of animals may happen before this was not repaired. There was a sheep whose legs got stuck in the floor and could not get up.

2) The unloading ramps should have a level dock before the ramps go down so that the sheep have a level surface to walk on when they exit the truck. This must be repaired by no later than Monday 12 December 2022.

3) The water supply to the water troughs in lairage nr A4 was not working and there was no water in the trough. This must be repaired no later than Monday 12 December 2022.

This warning has been issued in terms of the Society for the Prevention of Cruelty to Animals Act No 169 of 1993

Failure to comply with this warning may render you liable for prosecution under the Animals Protection Act No 71 of 1962 and/or Performing Animals Protection Act No 24 of 1935.

Any Person who:- obstructs, hinders or resists an officer authorised in terms of the Animals Protection Act No 71 of 1962 or conceals any animal shall be guilty of an offence in terms of Section 8(4) of the aforementioned Act.
