There is one adult cat on the property. The owner was not there. The two kittens are still drinking on the mother cat. The cats are roaming free on the property. The mother cat is a bit under weight. I left a warning for the owner to provide the cats with proper food. Will re-check.

Ishaq phoned me and informed me that one of his cats a male ginger has been attacked and injured by a dog. I went to his house and from my observation I could see that the cat was hardly moving and badly inured. I advised Ishaq that it's for the best to euthanaze the cat as he was suffering. He agreed and surrendered the a the adm # C9859.
