I saw the dog walking in the street and I followed her until she went into house number 32 Madeliefie. Zaheeda confirmed that the dog was her's and was sick. She told me that she does not have money for the Vet Treatment.

She surrendered the dog. Admission C8761. I observed water and shelter.

I issued a warning advising her to seek Vet care in future for any sick animal in her care . There is no animals left on the property.

I will re-check when in the area to see if she got another dog.
