Comments: Assign Inspector Warnings-Issued

Wil;mien, the owner let me on the property. I told her that the SPCA has received a complaint regarding the dogs on the property.

Wilmien took me inside the house to do an inspection.

I saw 1X Pitbull at the back of the property and 4X adult miniature Doberman's inside the house.

The 1X female has 7X puppies. I noticed that all the puppies and the adult miniature Doberman's tails were docked.

I confronted the owner about the tail docking and she told me that a Vet in Vredenburg is doing it with permissions.

I told Wilmein that tail docking is illegal and that nobody can do it, not even Vets.

I issued a warning for tail docking for cosmetic purposes that is unnecessary.

Will follow up.
