Inspector:	LOUISE VAN ZYL
Type:	MEETING-OWNER
Follow-Up Date:	2022-05-31
Comments:	Mr Henry came to the West Coast SPCA in Vredenburg. Mr Henry wanted to know if he can get his dogs back. I explained to Mr Henry that he abandoned his dogs and that they were in a very bad condition and needed vet care. I also explained to him that the owner of the property signed the 2 dogs over to us. I furthermore explained to him that the dogs did not get into this condition in a weeks time and that they have been mistreated for a while to get into this condition. They were both emaciated, covered with ticks and fleas and the German Shepherd was tied with a short chain without a collar. Mr Henry told me that he could not afford to look after the dogs and asked if we can keep them until he gets on his feet to look after them. I advised him that we cannot. I advised Mr Henry that he must go back the weekend and think about if he can afford to look after animals and if so that he must come back.
