There was no people at home.  
I saw the white Terrier in the street on arrival. I wanted to approach the dog but he ran away.  
I did see some water in the yard, but could not see at the back of the property.  
I will have to re-check to do a close up inspection on the dog because I only saw him for a few seconds when he ran away.

Owner has adhered to the warning and got some dip to treat the skin condition.  
Water was also observed. I told the owner that they must dip the dog every week for 6 weeks and that I will re-check once a week to check on the progress. Will re-check.
