I saw 1X black & tan male puppy on a chain without a shelter and the chain was too short.
I also saw the other black male terrier X on a long chain with a shelter but without a collar.
I spoke to Miss Ahrends about the dogs on chains. She said they don't have a gate that is why they are on chains.
The body condition of the 2 dogs is acceptable.
Water was observed and it was clean. The living environment is clean.
Will re-check after 7 days.
2022-02-10 14:30 Assign Inspector Re-Check
The owner did comply on Milo. They provided shelter and they extended the chain.
She promised, when I do my re-check on Bonzo, she will provide the collar.
Both dogs have shelter and they have clean water and the yard is clean.
No sign of old feces. The body condition of the 2X dogs is acceptable.
Will re-check.
