Comments: Water food and shelter observed.
On arrival the dog was not on a chain but the short chain is there. The black terrier x has a skin condition which is in its early stages.
All the dogs were loose inside the property. The brown dog which the complainant claimed is from the house next door at 211 Albatros is actually from nr 213.
I issued a warning but Hendrik showed me some medication which he is applying on the dogs.
The brown dog belongs to Gert Owies and he moved to Nuwe Plaas in Aurora .
I will recheck.
