Postal Code:
Date: 2022-05-13
Time: 13:20
Inspector: LOUISE VAN ZYL

Type: CASE DISCUSSION NOTE

Follow-Up Date: 2022-04-04

Comments: Assign Inspector Mon 17-Jan-22 Warnings-Issued Patrick Chiwawa
All three dogs were on chains when I arrived. Morne removed the brindle dog from the chain and surrendered the white brown dog. Adm # C8797. The body condition of all the dogs is fair and acceptable. The male brown dog is on a short chain and I issued a warning which I will re-check in 7 days. Water and shelter observed so as collars.

Assign Inspector Mon 24-Jan-22 Re-Check Patrick Chiwawa
Water and shelter observed. The dog is now on a runner and the body condition is fair and acceptable. Morne told me that the dog broke the collar which I gave him s I had to give him the other one which I had in the bakkie. Morne released the dog from the runner and the dog disappeared into the streets. I will do another re-check when in the area.

Assign Inspector Mon 31-Jan-22 Re-Check Patrick Chiwawa
Water, food, a collar and shelter observed. The dog was loose running up and down the street. The body condition of the dog is fair and acceptable. I will do another re-check when in the area.

Assign Inspector Tue 08-Feb-22 Re-Check Patrick Chiwawa
The dog is now on a runner and Morne told me that he can't loosen the dog as there is suspected distemper outbreak in the area. I advised him that there is no difference as his property is not properly fenced and stray dogs can come into the property. Water and shelter observed. I also observed a collar. The dogs body condition is fair and acceptable. I will do one more re-check when in the area.

Assign Inspector Tue 22-Mar-22 Re-Check Patrick Chiwawa
Water, food and shelter observed. There is another dog at this property a male brindle puppy. Both dogs body condition is fair and acceptable but Morne told me that he want me to take the brindle puppy as he can't afford to look after both dogs. I could not take the dog as I did not have enough space in my bakkie, I will re-check when in the area.
