Marie, let me on the property where I observed 2X Terrier X male dogs in acceptable condition. I then asked her about the dog in question and she told me that Tiger, the dog with no teeth, went with her son, Willie. Marie also told me that they are not Tiger's owners and they are also not responsible for taking out his teeth and that he came to them in such a condition. I then asked Marie if they want to surrender the dog and she said yes, but I will have to come tomorrow when her son Willie is at home. Water, food and shelter was observed for the other 2X dogs. Will re-check.
