I got some calming injection from the Vredenburg Animal Hospital and I injected the dog to calm him down as he wanted to bite.
I did manage to remove the hook from the dogs paws.
The dog is on a short chain and I Observed a broken dog kennel, water and a collar.
I issued a warning advising Mr Patrick Brand to seek vet treatment for the dog's paw and to provide adequate shelter and to remove the dog from the short chain.
I will recheck within 20 hours.
