I did see 3 dogs the 2 dogs are in a fair condition. All of the dogs are roaming free in the yard. The one dog has a skin problem. Mr Leon said that he gives the dog tablets. I will check with the vet.

There was no people at this place but I could see the two dogs inside the yard . The female Pitbull does have ticks and the male Terrier x skin condition seem to be getting worse from what I heard from Inspector Fortuin. I issued a 48 hours warning and a 5 day warning to groom and seek treatment for both dogs. I will re-check in 48 hours.
