INSPECTOR NOTE**Building:** SALDANHA SMALL FARMERS**Street:****Suburb:****Postal Code:****Date:** 2021-12-01**Time:** 00:00**Inspector:** JAMESON OCTOBER**Type:** CASE DISCUSSION NOTE**Follow-Up Date:****Comments:** Wed 01-Dec-21 Open Jameson October

Because there was an outbreak of swine flu in Vredenburg, I decided to go visit the Small Farmers in Saldanha to see how their animals are doing.

I went to 5 camps where I observed +- 80 pigs, most of the other animals are grazing out in the field. I only saw 1X farmer at his camp.

Piet, the owner of the 1X camp, told me that they have not been affected by the swine flu and none of their pigs has died but they do know about the outbreak in Vredenburg.

I gave Pit my number for if something should happen, then he can let me know.

Will re-check.

Assign Inspector Thu 20-Jan-22 Re-Check Jameson October

I went to go check if the farm animals had some water, because it was very hot.

Most of the animals was out in the field grazing.

The pigs in the camps did have water available. Animals are in acceptable condition.

Will re-check.
