On arrival workers at Scott's Nursery were busy cleaning the dams of the Geese and Ducks. Two other people were cleaning the enclosures. Clean fresh water and food was also being prepared for the animals. There was no injured or sick animals observed. All the animals is in good condition. I advised Mr Scott that he must obtain a P.A.P.A. licence in order to exhibit the animals at his farm stall/nursery. I gave him the number of the State Vet. Will monitor.
