John brought the two dogs to the mobile clinic and the dogs are thin. John told me that the male dog was not eating before he bought a tablet which he told me that he can remember the name. I issued a warning and will re-check. Inspector Fortuin will re-check.

Re-check. Both the dogs are in a fair condition. They are roaming free. Water, food and shelter available for the dogs. Will re-check again.

The white & black dog is the only dog on a chain and the chain is about 5.6 metres long and I also observed a collar. Water and shelter observed. The male pitbull is at the back and he can't come to the front of the house. All the dogs body condition is fair and acceptable. I will do another re-check when in the area.
