Inspector Van Zyl and myself went to speak to Dr Kotze from Long Acres to give us more info around the cat in question. We explained to Dr Kotze that it will be difficult to prosecute such a case as we have to gather more evidence and build a case. Dr Kotze understood us completely and said she only want to bring it under our attention about the things that goes on at Langebaan Animal Care . We left Long Acres Hospital and went to LAC Shelter to check on the animals again . There was no one at the shelter. Water was observed. Will follow up.
