All the dogs body condition is fair and acceptable . The female terrier and wirehaired are on long chains. The female terrier does not have a collar and I issued a warning for that. The male maltese and the female terrier x black sleep inside the house. Johan told me that he want to sterilized the female terrier x brown. I will do a re-check in 7 days.

Johan complied and the dog now has a collar. Both small dogs sleep inside the house. The wirehaired and the female brown terrier x are on long chains. The body condition of all the dogs on the property is fair and acceptable. Johan asked if I can help him sterilize one of the female dogs. I advised him that there is a fee to be paid. He told me that he does not have the money at the present moment.
