The male dog named Mimo is under weight and Nadine told me that the dog is very old . The same dog is on a long chain without a collar. I issued a warning and it was accepted by Nadine. The female dog is on a long chain and I observed a collar, water and shelter. The female dogs body condition is fair and acceptable. I will re-check in 7 days.

Water, food and shelter observed. Both dogs are on long chains and the owner provided a collar for the male dog. One neighbor came to me and told me that the dog is very old. I will keep checking whenever I am in the area.
