Water, food and shelter observed. The dog is on a short chain of about 2 metres long and I also observed a collar. The dogs body condition is fair and acceptable. I issued a warning advising the owner to remove the dog from the short chain or make the chain longer. I will re-check in 7 days.

The dog is now on a runner and the line is about 5 - 8 metres long. I observed a collar, water and shelter. The body condition of the dog is fair and acceptable. The owner of the dog was not at home and Andiswa who lives next door gave me permission to do the inspection. I will re-check when in the area.

The runner is broken and the dog is now on a long chain. I observed a collar, water and shelter. Chantel told me that her brother is going to fix the runner as she feel the runner provides the dog with much bigger space to run around. The dogs body condition is fair and acceptable. I will do another rec-check when in the area.
