Preston told me that Aldo is not the owner of the dog. He told me that the dog belongs to his mother whose name is Mildred Mentoer. He told me that his mother works in Riebeeck Kasteel. The dog did not receive any treatment for the skin condition so I issued another warning and it was signed and accepted by Preston. I will re-check after 7 days.

Aldo told me that they are washing the dog using dip and he showed me the dip. Water and shelter observed. The dog is loose inside the property. I advised Aldo to at least wash the dog once a week. I will keep checking if there is any progress.
