2022-02-25 13:30 Assign Inspector Warnings-Issued
There was a woman at this house and she refused to give me her name and I advised her that one of her dogs was underweight, that's when she told me to leave as she claimed that the Inspector who did the first inspection complained about the length of the chain, now it's the body condition. I advised her that I was issuing a warning that's when she closed the door. I issued a warning advising the owner to give the dog proper dog food and improve the dog's body condition.
The other dog's body condition is fair and acceptable.
inspector October will re-check.

2022-03-28 15:12 Being Investigated Re-Check

There was no sign of the other dog. The dog on the chain is in acceptable condition. Water and shelter is also provided.
Will do a re-check when in the area.
