I contacted Sergeant Williams at Stock Theft Malmesbury at nr 0824697358. Sergeant Williams told me that there is a case of stock theft opened against Mr Mbazo and his friend relating to this incident. Sergeant Williams advised me that an alarm went off on the farmers property and the farmer then went to investigate. The farmer then advised SAPS that the dogs were busy attacking his sheep and that is why he shot the dogs. Sergeant Williams said that Mr Mbazo's version of events changes the whole time and they have an open case of stock theft. There were no contravention of the Animals Protection Act as there are no evidence that the dogs suffered when the farmer shot them . I again contacted Mr Mbazo and advised him that we cannot do anything as there is no evidence that the dogs suffered . NFA until further notice.
