Comments: Assign Inspector Tue 25-Jan-22 Warnings-Issued Jameson October
Bianca let us on the property where I observed 1X black & tan Terrier X tied on a +- 5 meter long chain under a tree.
The dog did not have a collar around his neck.
Bianca is Ron sister and owner of the dog with the injury to the neck caused by chaining a dog without a collar.
I used Bianca's sister's dog as an example of what chaining a dog without a collar can cause and the injuries involved.
No water was observed and I asked Bianca to fill the dog's water bowl with water.
I also talked to Bianca about the dog's body condition that needs to improve.
I issued a warning to install a runner and to provide the dog with a collar.
Will re-check.
Assign Inspector Tue 01-Feb-22 Re-Check Jameson October
Owner has complied to the warning and has provided the dog with a collar.
I also saw that the chain has been extended to almost 8 meters long.
Shelter, fresh water was also observed.
Body condition is not great, but it is acceptable.
Living area also clean.
Will do a re-check.
