Mrs Berg let us on the property. I observed 1X black & tan TerrierX male on a +- 2 meter long chain without a collar.
The dog's body condition is not acceptable and I advised Mrs Berg to get the dog de-wormed and to provide the dog with adequate dog food.
I also educated Mrs Berg on installing a runner for the dog because it is unnecessary for the dog to be tied on that short chain.
I will do a re-check after 7 days.
2022-02-01 13:20 Assign Inspector Re-Check
Mrs Berg has provided the dog with a collar.
I did not see any sign of a runner and I asked Mrs Berg why they haven't installed the runner like I asked them.
Mrs Berg asked me if we can't help with the wire because her husband can't find strong enough wire to make the runner.
Water and shelter are available. The water bowl is also clean.
Living space is also clean. I told Mrs Berg that I will talk to my Manager about the wire and will come back to her.
Will re-check.

The Terrier X male is still on a runner with a collar around his neck.
Water and shelter is available.
Body condition is also acceptable.
Will re-check when in the area.
