Comments: Assign Inspector Wed 22-Dec-21 Warnings-Issued Patrick Chiwawa
Mr Gavin showed me some ointment and antibiotic which he gave the Jack Russel named Mr Johnson. He told me that he gave away the third dog that attacked the Jack Russel. Water and shelter observed. The body condition of the Rottweiler is fair and acceptable. Mr Gavin refused to let me take pictures of the medication. I issued a warning advising him to seek Vet treatment for the Jack Russel. I will re-check in 24 hours.

Gavin took the dog to PAW, Paternoster Animal Welfare, and the wound was cleaned using F10 and they applied some ointment. The bite wounds is not that bad. The dog was running around inside the house. I advised Gavin to not let the dog out of the property and monitor the dog's recovery. I will re-check when in the area.
