General Report Comments: I saw 2 females terrier x dogs sleeping in the property and I stopped by to speak to the owner of the dog's about the condition of the dogs. We spoke about Sterilization and vaccination and she said she wanted to sterilize her dog but at the moment she is not working. She also asked what must she do if they start scratching I advised her to buy a dip and dip her dogs before they loose most of their hair and she said she will ask her husband to buy it. Water and shelter was observed and the body condition of the dogs is acceptable NFA.
