General Report Comments: Elizabeth is the mother to Abigail who is the dog owner and she was at home and allowed me to do the inspection. Water, shelter and collars was observed. Both dogs are on short static chains. Both dogs body condition is fair and acceptable. The living environment is clean. I issued a warning and educate on the dangers of chaining a dog on an unfenced property as there is a lot of loose Pitbuls running around without the owners and the chances of a chained dog escaping unharmed are next to zero
