General Report Comments: I saw 1 male terrier x sleeping on the road with mange and I stopped by to speak to the owner of the dog about the condition of the dog. She said she don't know what to do with the dog because he jumps out of the property to be on the road. I advised her to buy some dip for the dog and dip the dog for 6 weeks I also gave her the name of the dip. Water and shelter was observed and the body condition of suzie is acceptable but Jan skin is not acceptable because of the mange.
