General Report Comments: The complainant is a neighbor and she came to me and informed me that the dog is a danger to the society as the dog is said to have killed two dogs already. I advised the complainant that this is a Municipal Bye-Law issue and I will forward the complaint to the Law Enforcement. I did an inspection and both dogs body condition is fair and acceptable. Water and shelter observed. Both dogs are running loose inside the property. There is a long chain next to the dog kennel which is lying on the ground. The living environment is clean.
