General Report Comments: I saw 1x black and tan German shepherd female on a short static chain. I confronted the owner and she told me that her daughter is afraid of the dog that's why the dog is chained and that the property is not fully fenced. I asked her about the dogs body condition and about the ticks and fleas on the dog. Laverne decided to surrender the dog because they don't have money for tick and flea treatment. The female German Shepherd was surrendered. Refer to admission C10758. No other animals on the property. Nfa until further notice.
