General Report Comments: Water, food and shelter observed. There are four cats in a cage which is about 4m x 1m. There was a lot of food in the big food bowl. There are two crates inside the cage and there is a place for the cats to sleep. The body condition of all four cats is fair and acceptable. Selma informed me that one of the neighbors had aggressive dogs that doesn't like cats so she decided to keep them in a cage. There is also a Ringneck, a Milliroosalla bird and a n Allison Green. The breeds does not appear on the tracker checklist. All the animals I observed are in fair and acceptable body condition.
