General Report Comments: Jason the owner contacted me regarding the mare and the foal that people are going on about in Hopefield. Jason gave me directions to his camp because he is at work. I found the camp near Skilpadbessie rd on the small farmers side of Hopefield. The mare and the foal was grazing in the veld. When I approached the horses they ran off further into the veld. Lucerne bales and oat hay was observed. Water and shelter also observed. I contacted Jason and told him that he must feed the mare more because of the foal. Will do a recheck in 3 weeks.
