General Report Comments: Water,shelter, food and medicine observed. Jurie Hanekom came about an hour after I had arrived. He informed me that the horse was kicked by another horse on the front left leg. The complainant came and the two started shouting at each other. Jurie later informed me that he went to SAPS early in the morning to lay charges against Joey. Alpaso the gelding is the one with an injury and Chocolate is thin. I issued a warning and later on Jurie informed me that the injured horse is on treatment and he phoned a vet by the name Dr William Van Zyl. I phoned the Vet to confirm and he told me that he is waiting to hear from the horse owner so that he can come. We went to Jurie Hanekom's house and he showed me the medication that he is administering on the injured horse. I had issued a warning advising Jurie to improve the body condition of Chocolate and to seek vet treatment but later found out that the horse is already on treatment
