General Report Comments: When I arrived at first Miss Lourens informed me that she took the cat to Groonkloof Animal Hospital and Dr Hynes advised her that she must give the kitten some time to heal on it's own. I could not agree with her as the kitten drags his back feet when walking so I informed her that I was going to meet with Dr Hynes. I left and met Dr Hynes who informed me that it was Dr Zollner who was there but the receptionist at Groonkloof told Dr Hynes that the ladies did not even bring the kitten inside as they only asked for the price of the X-ray. The kitten was not treated and Dr Hynes agreed that the kitten's suffering has been prolonged by the owner by not seeking vet treatment. I went back and advised Miss Lourens that she must take the vet to the vet and she told me that she will take the kitten to the vet next month as she does not have money now. I advised her that she can surrender the kitten to the SPCA but she refused.
