General Report Comments: Water and food observed. The dog's body condition is fair and acceptable. The dog is very aggressive. The security guard is new and he doesn't know the address of the security company in Atlantis. He gave me the owner's phone number. The name of the security company is Husselman Protection Services and it's in Atlantis. The dog is on a short chain and doesn't have a proper collar but choker. There wasn't shelter when I arrived but Joel went and brought the dog kennel. The length of the chain is about 2meters long. I issued a warning advising the owner to provide shelter at all the times, remove the dog from the short chain and provide a proper dog collar. Inspector October will recheck and Cape of Good Hope SPCA needs to do an inspection at the security company
