General Report Comments: I went to this address and found 1x GSD x male on a short chain without a collar and 1x tan malinois female loose on the property. Both dogs is underweight and there was no sign of shelter food or water. The neighbours told me that the owners left the dogs a week ago and has moved to Laingville. I got a hold of the owner of the property Mrs Esterhuizen and she gave me access to the property to remove the dogs. The living area was also dirty and I could clearly see that it has not been cleaned in a long time. The 2x dogs was removed from the property and taken to the SPCA. Will follow up.
