General Report Comments: All the horses are in a fair and acceptable body condition. Water, food and shelter observed. Dominique informed me that she rides the horses for a distance of about 4 kilometers to the beach and 4 kilometers back. She told me that one horse works for about 3 hours on a busy day. All the horses are fully vaccinated for African horse sickness and all are dewormed. The hooves are well groomed and I did check on the teeth too. The feed is well secured from mice and rats. All four dogs are sterilized and their body conditions are fair and acceptable. Water, food and shelter observed. All the dogs are fully vaccinated.
