General Report Comments: Johannes the owner of the property gave me access. I saw 3x terrier dogs on chains,the 1x dogs rope is to short and does not have a collar or a shelter. The other 2x dogs chains are long enough and they do have collars. The body conditions of the dogs is also acceptable. None of the dogs were confined in a kennel. Johannes told me that the owner Joe and Lyla moved to Saldanha and that he must still come to fetch his 2x dogs. I explained to Johannes because he is the owner of the property I'm going to issue him with a warning because he is in control of these dogs. I issued a warning to put the female Lyla on a runner and to provide her with adequate shelter . I will do a recheck.
