General Report Comments: I went with Captain Bloem from the military police to a house where there is a female Labrador x with 5x puppies. On my arrival I met with owner Melissa. I asked Melissa why the female called Sophia is underweight and she told me it is because of the puppies. I told Melissa that she must feed Sophia 3x times a day and that she must get her puppy food instead of adult dogfood. Melissa decided that it is to much trouble and surrendered Sophia and her 4x pups to the SPCA. Refer to Admissions C8065-C8066-C8067-C8068 and C8069. Nfa until further notice.
