General Report Comments: I saw 1x female terrier x on a short chain. I asked the owner why the dog is chained and he told me that she keeps running away and his property is not fenced ,I also noticed that the dog is underweight. The owner told me that he keeps on feeding the dog but she won't put on weight. I educated about a running chain and how important deworming is and the owner then decided to surrender the female terrier x. No other animals on the property. Refer to admission. C8080. Nfa until further notice.
