CHECKLISTS

General Report Comments: There was no people at this address. I observed two dogs on the property. The Staffie is on a rope of less than 3 meter long. I observed a collar, water and shelter. The back yard is separated from the front with a steel gate. The Staffie is in front and the Terrier X is at the back. Both dogs body condition is fair and acceptable. I issued a warning advising the owner to remove the dog from the short chain and I did put the warning into the letter box together with a pamphlet on the best way of chaining a dog. Inspector October will re-check.
