General Report Comments: Re-check Mrs Sadie was at home. She said her husband is on the road working and she can't put the dog on a runner. She also claims that they are giving Max enough food. I tried to educate her but she didn't want to listen to me. I then gave her another warning to take the dog Max to the vet and to put the dog on a runner. I left the warning in the gate because Mrs Sadie went inside the house. Will be recheck
