VETERINARY PROBLEMS / HEALTH CO	Yes ***	Some of the dogs have mange.
CONFINEMENT OF ANIMALS	Static Chain - inadequate length **	The 1x black dog is on a chain because he is very aggressive ;

General Report Comments: I saw 10x dogs on the property, all of the dogs are loose except for the black terrier x male that is very aggressive and has bitten somebody. The black dogs chain length is not adequate and he does not have a collar. Some of the dogs have early signs of mange. Living g area was also dirty. Water and shelter is provided. Body conditions are acceptable. Law enforcement officer Christians was with us at the property regarding the nuisance and amount of dogs Mrs Lungisa have on her property. The owner was given a fine and warning by law enforcement officer Christians. I also issued the owner with a warning to install a runner for the black male dog, provide him with a collar, provide the dogs with mange with treatment and also to clean living area. Will do a recheck.
