General Report Comments: I saw 1x black terrier x in the yard, the dog looked very thin I could see it's ribs. The owner came out and told me that he wants to surrender the dog because the dog does not want to put on weight. I educated the owner about internal and external parasites and what they can cause if not prevented. The dog was surrendered to the SPCA. Refer to admission C10704. No other animals on the property. Nfa until further notice.
