CHECKLISTS

General Report Comments: There was no people at home and the dog in question was not on the property. Conrey the neighbor across the street came over and told me that the dog is roaming the streets. I asked Conrey who the owner of the dog is and he told me they only know the owner by the name I GUN and does not know his real name. I issued a warning to seek medical treatment for the as Conrey also told me that the dog is very thin and has mange. Will follow up.
