General Report Comments: Jeffrey Mathabele called the office about a trailer that broke down with chickens on it. I went out and saw +- 60 hickens in crates. There was about 6x chickens per crate. The owner has send his friend to the garage to go fix the spare wheel. Jeffrey has put a blanket on top of the crates to shield the chickens from the heat. I gave sprayed the chickens with some water that I had with me. According to Mr Mbizana they are going to slaughter the chickens and then sell it. I waited with them until the trailers wheel was fixed. I issued Mr Mbizana with a warning. Will follow up.
