

I2812

I, Patricia Judith Frewen, ID no 6507100099082, hereby state that the following was personally witnessed by myself.

On 3 October 2023 Brigita Amerika brought Sadie, female puppy of 3 months old to Riebeek Animal Welfare's clinic for its first vaccination. I immediately noticed that the puppy's tail had been very recently chopped off and had an infection. When questioned what had happened to the tail, Brigita and her child told us that her husband, Mr. Lee Amerika, had chopped it off himself.

The puppy was in severe pain and you could immediately see that this was an act of cruelty.

As far as I know, the family resides at:

2315 Takkiesbrandt Street, Riebeek West
